

# MapTools Wholesale Price List

## January 2011

**To purchase products at the prices listed in this price list you must be an approved reseller of MapTools products.**

Our reseller program has been structured so that it is relatively easy for a small retail store to meet our requirements.

First, we ask that you be engaged in an ongoing resale business with the intent to resell our products in the future.

Second, we ask that your first order total \$100 or more at wholesale pricing, which is typically 50% off of retail. **There is no minimum on subsequent orders.**

Net 30 day credit terms are available upon approval. A credit application is needed to start the approval process.

Copies of this price list, our catalog, and our credit application are available at:

## Packaging Options

The Pkg column lists the packaging options that are available. There is no price difference between the various packaging options. Please chose the option that works best for your sales environment while also trying to minimize the waste. The first code listed is the default packaging. If you want something other than the default, please add a slash and the pkg code letter. (i.e. UTMGuide/R)

### R - Retail Packaging

Each product is individually packed. Typically this is in a polyethylene bag with a stapled tag that can hang from a point-of-sale rack. The products will have a UPC barcode. Map Rulers and Ruler Sets are packaged in a vinyl pouch, with a hang tag and UPC bar code. Products not manufactured by MapTools will be individually packed, able to hang on a POS rack and have a UPC barcode. But they may be in a blister pack, poly shell or something else.

### C - Carded

Each product is stuck to a card with product information and a UPC bar code. There is no way to hang these from a POS rack.

### P - Pouch

Map Rulers get packaged in a vinyl pouch with an instruction sheet. If you need the UPC bar code or hang tag order the Retail packaging.

### B - Bulk

Just the product, no other packaging. We often shrink wrap bulk products into bundles of 25.
